

MILAGROS A. ARANZABE ALONSO

QA Analyst | QA Lead Experience

Web & Mobile • Regression • API • SQL •
Automation Foundations

Professional Experience

QA Lead – Temperies (Jul 2024 – Present)

- I test web/mobile applications (fitness, CMS, CRM).
- I define testing strategies aligned with product releases and risks.
- I plan QA cycles and pre-UAT and pre-production validations in coordination with Product and Development.
- I optimize test case design and coverage using Artificial Intelligence.
- I reduce bug reopening through early validation and improved test design.
- I identify risks early to improve the stability of the release cycle.
- I progressively integrate automation as a complement to manual and regression testing.

QA Analyst – Temperies (Nov 2023 – Jul 2024)

- I performed Functional and Exploratory Testing of CMS/CRM.
- I performed SQL/PostgreSQL validations.
- I resolved Critical Bugs prior to release.

QA Analyst – ID For Ideas (Jun 2023 – Nov 2023)

- I designed Test Cases.
- I managed the QA team and area.
- I performed Functional, Manual, API, and Relational Database Testing.
- I tested purchase flows, users, and product catalog.

QA Analyst – Freelance (Sep 2022 – Jun 2023)

- I performed Manual, Exploratory and Functional Testing in e-commerce and advertising projects.
- I designed Test Cases.

Education
